

Gentlemen:

Please reject any attempt by the National Association of Broadcasters to limit what I hear on satellite radio. I pay for this service and it should not be up to the NAB to dictate what I hear on my radio. I travel extensively throughout the United States in my job and it is absolutely necessary for me to know the weather and local road conditions. I do not want to be distracted from my driving while trying to find a radio station. Please reject the NAB's petition 04-160 and support satellite radio and my right to the programming I deserve and have a right to hear.
